Sometimes these side effects are permanent. Then, once the crisis is averted, the patient up until now was put on risperidone, a generic form of Risperdol which went generic back in June of](#) [Excerpts and links may be used, provided that full and clear credit is given to Crazy Mermaid and Crazy Mermaid's Blog with appropriate and specific direction to the original content. But the difference is that for Lamictal, there was no alternative drug like there is for Geodon. Our drug manufacturers perform a series of tests, both during and after production, to show that every drug meets the requirements for that product. That article talks about the cycle between name-brand Lamictal and generic lamotrigine. I have met people who have gained fifty and one hundred pounds on risperidone, in addition to having low or no libido and fuzzy thinking.
