Isn't lean just prometh with codeine mixed with sprite and a jolly rancher or some other candy dropped in? Also do anyone have a good recipe to make lean? But first consider, why drink cough syrup? In most states codeine is flat out not allowed to be purchased without a prescription, but as of many years back there were a few states who would sell small amounts with an ID and signature required, but afaik that's no longer the case Promethazine with Codeine offers may be in the form of a printable coupon, rebate, savings card, trial offer, or free samples. There are currently no Patient Assistance Programs that we know about for this drug. This is a drug discount program, not an insurance plan. You'll get more euphoric with the first cigarette of the day lol. Patient assistance programs PAPs are usually sponsored by pharmaceutical companies and provide free or discounted medicines to low income or uninsured and under-insured people who meet specific guidelines. The cost for Promethazine with Codeine oral syrup 10 mg Originally Posted by CaptainKratom. Forget that stuff and get some tussionex. But to me that sounds like the weed and caffeine more than anything sorry to say. Give me your liver. Some offers may be printed right from a website, others require registration, completing a questionnaire, or obtaining a sample from the doctor's office. Eligibility requirements vary for each program. I think prometh is rx in us, not sure as im canadian. This Promethazine with Codeine price guide is based on using the Drugs.
