Pharmacies in areas such as the Mid-Levels, Central, Tsim Sha Tsui, and Causeway Bay should have English speaking staff on hand since they are popular with expats and located in largely touristy areas. If you feel that this is a mistake, please contact us by opening a ticket with the following information: Some of these types of medicines include those that are used to treat minor illnesses such as sore throats. So whether you're moving abroad for a change of career or a change of scene, with our international private health insurance you will always be in safe hands. Bupa Global At Bupa we have been helping individuals and families live longer, healthier, happier lives for over 60 years. The pharmacist must obtain a pharmacy degree and pass a written examination from the Department of Health to become registered. Anything higher than that, however, must have a prescription from a physician. Even if language is an issue, however, a written prescription should be enough to get you the medicine that you need. Some expats might find that medicines they take at home that are only available by prescription can be found in Hong Kong without one. For instance, codeine can be sold by licensed pharmacists without a prescription in doses up to 0. Category 3 medicines can be sold in medicine stores or pharmacies that do not have a resident pharmacist onsite. Expats will find that most of the prescription and over the counter medicines that they use at home are available for purchase in Hong Kong pharmacies. We want to be the global leader in delivering world-class health solutions, making quality health care more accessible and empowering people to live healthier lives. If you feel that this is a mistake, please contact us by opening a ticket with the following information: Pharmacies are usually open from 10 am-7 pm 7 days a week. All hospitals have pharmacies on sites that are open 24 hours. Drugs in Hong Kong are classified into three systems: Traditional Chinese Medicine is also increasingly being offered in clinics at several public hospitals.
