Tell us what you think. The move to make Cialis available without a prescription could be seen in a similar vein, as removing one of the hurdles a visit to the doctor to getting treatment. Cialis is to lose its patent protection in the United States and Europe in , after which sales are expected to drop sharply as cheaper generic alternatives arrive on the market. Last year, in an effort to recoup some of those lost sales, Pfizer began selling Viagra to consumers through its own website. Nov 23, - In , Eli Lilly introduced Cialis as a treatment for erectile dysfunction. Cialis is a PDE-5 Both ED treatments work in the same way, and the active ingredient of Viagra is Sildenafil. Both Tadalafil (generic Cialis) and Viagra are effective treatments for erectile dysfunction, but they do differ in some ways. Pharmaceutical companies specializing in the production of Cialis generics use the same pure Tadalafil that Eli Lilly and Company uses but they work from countries with very low tax rates, labor and rent costs, don't spend millions on marketing and mostly sell their medicaments online. A product review of both Cialis generic and Cialis brand medications will go a long way to help you to get familiar with all the necessary information about the two which will not only be of great help to fully understand all their do's and don't, but will also go long way to help you determine the best that will suit your needs. Does Generic Cialis Work? Generic cialis works just like brand name cialis. They both contain the same amount of the same active ingredient, but are sold in different packages under different names. When taken for maintaining an erection to orgasm, a 20 milligram generic cialis pill will produce the same results as a Jump to Generic Cialis cannot work unless you're already sexually excited - The mechanism of sexual arousal isn't that simple: it is the brain that gives a signal to muscles to relax, lets the blood flow into the penis and makes it harder. Cialis can't make your brain want a woman, you have to do it yourself. For Erectile Dysfunction "I get the 20mg generic form for \$ in Ecuador. Cialis itself is about \$10 a pill (20MG) but I am cheap. I break the tab up into 4 and do 5mg at a time. Just started do it today and it works great and even lowered my blood pressure a few points."
