Sildenafil is a generic drug which means that its price is not controlled by a single manufacturer. As a result you can be confident that the Sildenafil sold in the UK is as effective as the branded Viagra tablets. In , the Pfizer patent on Viagra ended in the EU, allowing generic manufacturers to start producing their own version. The easiest way to lookup drug information, identify pills, check interactions and set up your own personal medication records. However, as Sildenafil becomes more well established it is expected that demand for the branded Viagra product will decrease and the price for Viagra will drop as a consequence.
