The results speak for themselves. Apply a thin film of the gel to the areas of acne. If you have concerns about using this medicine ask your doctor or pharmacist. Home Where to Buy. Differin is different than what you're used to. This is not required if you have a doctor's prescription. Rinse thoroughly and pat dry. Replace the cap tightly after use. You may start to see a reduction in acne around the two-week mark, and some may even see results after one-week. When a prescription is dispensed as a private prescription you do not receive any safety net contribution toward your PBS safety net. Any dryness and irritation usually subsides after about 4 weeks. There have been isolated reports of birth defects in babies born to women using adapalene and other topical drugs with a similar mechanism of action during their pregnancy. Authority may be obtained by telephone to Medicare Australia known as "phone approval" or in writing from an authorised delegate of the Minister for Health. If irritation becomes severe or overly bothersome, stop use and ask a doctor before continuing use. Of course you do. Weather extremes such as wind or cold may also be irritating. It does not take the place of talking to your doctor or pharmacist. This is a major drugstore score. Learn where to buy Differin Gel for acne in stores and online.
