To account for differences in quantities, we calculated per-unit prices and examined the difference between them. By clicking to run this downloaded file you agree to the Microsoft Service Agreement and Privacy Statement. Millennials get scammed more often than any other age group. We did an apples-to-apples comparison, pricing the same product at both retailers. Analysts say competitive pressures force companies to seek to minimize all costs, including tax. We analyzed Amazon and Costco prices on items across four areas: Because a number of presidents, particularly in the early 19th century, made and lost huge fortunes in a matter of a few years, we only provided each president's net worth at their peak. Millennials fall for scams more often but they tend to lose less money than older generations, reports the Federal Trade Commission. Beware offers that require you to pay for shipping.
