Cough, cold and flu medicines are more expensive, though still cheaper than in most other countries. You won't need his mobile, just go to the house with the green door and ask for Mustafa. And that's not empty de Nile. Anyone know how to get herion in Hurghada? As for Egypt, I would tread very carefully. I went to the Ministry of Sound in Hurghada in Egypt. As Rachamim said there's bootleg amphetamine pills, which are very common across the Arab Middle East, usually either sold as Captagon or Maxiton Forte, they can be anything from d-amp to methamphetamine, you won't find them in pharmacies. And will i get shot if i pull my "sleep with lots of chicks" thing i do here? But hash is the big thing. Maxiton Forte an amphetamine that had been a Rx but is still sold on the streets under that name as a result. For all the aggravation you may experience paying for your medical care out of pocket and struggling to find a decent hospital, you will find Egyptian pharmacies a pleasant change of pace for the most part. So pretty much all is there, but not very publicly and you have to know the right people to really enjoy it. Helped me out with hash and smoked a tiny bit too. I know in Beirut lads from AUB were the best source of intoxicants, I presume it could be the same in Cairo, just hang out around the American university, you're bound to find somebody. I thought it was only pyramid-sized? We're not actually allowed to tell you where to buy drugs, I'm afraid. If you have a prescription from a hospital or medical clinic, hand the pharmacist the slip and he will procure it for you. Though, we did go there in November, so hardly high season.
