About 5 months in, I started hearing noises, including mechanical beeping, high pitched wailing, and screaming. It didn't work for me, but it may work for other people. The absence of a warning for a given drug or drug combination in no way should be construed to indicate that the drug or combination is safe, effective or appropriate for any given patient. My thought patterns were very abnormal and negative. How easy was it to take this drug? The information on this page has been compiled for use by healthcare practitioners and consumers in the United States and therefore neither Everyday Health or its licensor warrant that uses outside of the United States are appropriate, unless specifically indicated otherwise. This information is for educational purposes only, and not meant to provide medical advice, treatment, or diagnosis. I've also experienced loss of balance, dizziness, shaking, a decreased sex drive, and trouble orgasming. I will say it again, I believe this drug has saved my life. I am living in a constant state of apathy. You can browse Drugs A-Z for a specific prescription or over-the-counter drug or look up drugs based on your specific condition. At first I did feel like it was making my anxiety worse, but at one point, I just started to feel numb, like I have no feelings at all anymore. When I started again, i had a massive lump in my throat.
