If pregnant or breast-feeding, ask a health professional before use. I decided not to repaint the car or replace the carpeting at this time - after all, it is a driver. That, hopefully, would also eliminate the bickering that had arisen over who got to drive the Corvette in our family! Subscribe to receive email notifications whenever new articles are published. I told him I wanted to know what was wrong with the car before I wasted 4 hours going back and forth, and he said the fuel gauge only reads half-full even with a full tank and the radio gets some static, but aside from that the car was perfect. We went into the store and the shopkeeper was just cutting the wrapping straps off the new issue, which we promptly scoffed up. However, there was a disturbing noise coming from the rear that sounded like a bad u-joint. This gave me a good opportunity to get a close look at the car and feel around the inside of the fender wells, inspect the engine compartment at length and go over the body thoroughly. It works by blocking your body's production of certain natural substances that cause inflammation. The chance is higher if you:. I always liked the Mid-Year coupes, while Liz had a penchant for "cove sides". Max drove the car up the ramps that I had brought so I could inspect the undercarriage and check the engine and VIN numbers and other important date codes. He stated his reason for selling it was that he wanted a "driver" - this car was too nice to drive around, and he had only put about 4, miles on it since its frame-off restoration 10 years ago. Judging by the "thumbs up" people give us while cruising and the crowds that gather when we park these classics, other people obviously agree. To view content sources and attributions, please refer to our editorial policy. We shook hands and sealed the deal that included delivery of the car via trailer as soon as our check cleared. We perused the pages of Hemmings , AutoTrader and other such publications frequently, particularly the Corvette sections. This information has been compiled for use by healthcare practitioners and consumers in the United States. We made arrangements to go see the car and he gave us directions.
