Email address Please enter an email address Email address is invalid Email cannot be used. However, when the drug is finally approved and given a licence to be sold, the SPC allows a further period of up to 15 years for the company to market the drug exclusively. The generic name refers to the active ingredient in the drug in this case sildenafil citrate. Researchers found that it was not particularly effective for either condition but that it did lead to sustained erections, as a result of temporarily increasing blood flow to the penis. Agnes Our range of British, natural skincare products includes a nourishing cleanser, a super skin refining natural exfoliator and hydrating body cream suitable for all skin types. Kim Innes, commercial director of Teva UK, is quoted as saying: Myaskovsky believes that improving his patient's smiles, through a conservative cosmetic dental approach, has a positive impact on their overall appearance and self-confidence. Home Behind the Headlines Medication Viagra prices to drop - sales expected to grow. Our range of British, natural skincare products includes a nourishing cleanser, a super skin refining natural exfoliator and hydrating body cream suitable for all skin types. Medicines are controlled by patent legislation, meaning a particular company has the exclusive right to market a drug they have discovered and developed. Other companies are not allowed to make or market the same medicine until the patent expires. What does it mean when a drug comes off patent? Manufacturers Pfizer have held the exclusive right to market the drug known as a patent for the past 15 years since it was licensed in Viagra lost its exclusive patent in the UK in June and is now available legally in the UK under the name sildenafil.
