Possibly you could list that it's for several people and buy three or four though, I didn't think to gamble with that. Some of them are chain pharmacies, but it's basically whatever's in the area. So it beats me, I guess there's just a drought for some reason. Each 5ml of Bisolvon Dry contains: Also found out today Wyeth makers of Robitussin were fully acquired by Pfizer https: Yeah, it's Dry Cough Forte. I've noticed the shortage of ml Robo DX. Spoke to a different pharmacist elsewhere and he said it was taking longer to get in than they thought, but it should be in 'end of May'. She said it's because the active in the cough mixture is structurally related to the codeine in panadeine. I don't know enough to know if that's true, or what she said made sense, but gave me a sense that she knew of interaction possibilities either from her knowledge of pharmacology or maybe from information from peers or the internet about abuse potential. Search BL theres some good techs here: But if for tripping, Benadryl would work too, you just need to follow a simple dxm extraction method. My first time I bought 2 big bottles of robo dx at once, no questions asked. People buying stuff like this for legit coughs want multiple actives usually, with DX there's only 1. I'm hoping it does indeed end up back on shelves soon. The reason why an online consultation is important can be easily explained: Codeine must be prescribed by a doctor because taking this medicine without supervision is dangerous.
