There definitely is a sense of foginess of the cognition with depression. Strattera is an antidepressant also indicated for ADHD. Another typical approach, particularly for companies in the antidepressant market, is to invest in research to make the case that their drug causes fewer side effects than competitors. Comment Please enter a comment. Proposed federal limits to opioid prescriptions draw opposition from. Honestly, they should consider it for recovering meth addicts, it probably does the same thing As for Wellbutrin, once upon a time my Doctor had the same idea and prescribed it to me to supplement Adderoll. By Rebecca Robbins rebeccadrobbins. Dermira discontinues development of acne drug after two late-stage trials fail By Adam Feuerstein. UnitedHealthcare will pass some rebates to consumers, but will this really lower drug prices? No other medication has worked for me. Apr 29, - When their medication was switched to the generics -- paroxetine and citalopram they experienced a relapse of their depression. Other people with depression have reported a recurrence of side effects when they switched to generics, and one report showed that switching from one generic to another can. Oct 29, - The FDA insists that all generic drugs sold in the U.S. are identical to their brand name counterparts. Visitors to this website disagree. The latest controversy surrounds generic sertraline (Zoloft). This antidepressant is taken by millions of people. The reports we are getting make us wonder how good a job. Dec 10, - Hello marybeth23! I have been on both. I have also been on Sertraline for years now. I was previously on Zoloft. I have never noticed any difference. I know Sertraline is cheaper. I really do not think there is much difference but you can try Sertraline and see if it works for you. I wish you the best! Sweetie unahistoriafantastica.com is Greenstones Sertraline manufactured? Whether it is psychological or real I don't know but if the generic doesn't work for you and the brand name does, so be it-take the brand name one. As hard a . I had taken Zoloft in the past so last week at my Dr's appt re: Welbutrin not working as well for me, we decided to try the generic Zoloft. It's the kind. You have helped me tremendously confirming the Dr Reddy generic Sertraline I've been given is the reason for my severe nausea and some diahorrea. The Lustral brand of I just wanted to spend every day in the house, which I couldn't do as I couldn't afford to be off work. I went back to my GP and. Well strange you should text that as lustral gave me bad side effects like mouth blisters and a tight head effect. I moved onto a generic which did the job, the side effects went within two days. Side effects will come with most meds, until the body and nervous system gets use to it Meds work differntly on. Zoloft (sertraline generic) is a prescription drug used to treat depression, obsessive-compulsive disorder, panic disorder, PTSD, social anxiety disorder, and PMDD. Common side effects are dizziness, How does Zoloft (sertraline) work? Serotonin is a for some women. The good news is that women do not have to. Mar 28, - I went through a spat of depression and couldn't afford the real stuff. (I had taken in previously and it worked well). The generic did not work as well and gave me brutal intestinal problems. I stopped taking it and started taking some very high quality multi vitamins and Omegas by Advocare. Worked very well. Aug 10, - The generic version of Prozac is fluoxetine, while the generic version of Zoloft is sertraline hydrochloride. Both drugs are Serotonin is a naturally occurring chemical that produces a feeling of well-being. These drugs work However, these drugs do have some differences, including who they're used for. I used to be on zoloft for 4 yrs and felt good stopped for 6 months and on my 3rd week of sertraline right now not feeling as good the first time around. But I do know that a comprehensive study should be conducted on the effects of Zoloft versus generic brands and the effects of taking Zoloft long term then switching to a.
