When buying Viagra online, it's often impossible to tell where the website is based and where the drug is manufactured. Most of the sites advertising Viagra promote it as the genuine product but there is no sure way of knowing what you're getting, or where you're getting it from. Prescription medications manufactured in the U. Bill Livingstone, director of studies and analysis at GlobalOptions, a risk management company that recently reported on the dangers of online pharmacies, said: Orders of Viagra have been known to arrive in unlabeled plastic bags and even loose in mailing envelopes. There is no guarantee when purchasing the impotence drug via an e-pharmacy that you will receive your order at all. Unwary purchasers can end up with medication made in garages, basements, and warehouses that are substandard. In the unregulated and often unsanitary conditions of these illegal drug laboratories, the drug's calibrations can easily be incorrect, meaning the buyer may get a lot more - or a lot less - than they bargained for. Tracing e-pharmacies back to their business source has proved almost impossible in some cases for law enforcement agencies. For the best selection of ED medications check out Topills , a leading provider of discount medications. However, it was discovered to have been made in a factory in China, and the active ingredient, sildenafil citrate was only evident in trace amounts. Many sites advertising "cheap Viagra" charge hefty consultation fees and vastly inflated shipping costs. Purchasing from offshore e-pharmacies also poses the risk of being duped by outrageous exchange rates when overseas currencies are converted back to U. Customs and Border Protection reports that some counterfeit drugs contain boric acid, lead-based paint and even cement. That's a scary thing. However, the government, FDA, major pharmaceutical companies and even some of the e-pharmacies are attempting to implement policies to make drug shopping online safer for everyone. It's easy to get ripped off when buying prescription medications online, so what are the risks to consider? Fake Viagra has been found to contain sugar and starch as filler. However, the same can't be said for countries outside the US. Featured Impotence Resource For the best selection of ED medications check out Topills , a leading provider of discount medications. An online pharmacy, Internet pharmacy, or mail-order pharmacy is a pharmacy that operate over the Internet and sends the orders to customers through the mail or shipping companies.
