Few older Americans believe ordering more tests and drugs is the way to better health care, a new survey finds. Thursday, October 19, 3: And you, the patient, also have only two choices without going back to your doctor: Wal-Mart officials held news conferences across the nation today to announce it's expending its four-dollar generic prescription to Texas and 13 other states. The program that offers four dollar prescriptions for some generic drugs started two weeks ago in Florida. Why was the price of mg Irbesartan almost 30 times the price of the 75 mg dose for 90 pills and nearly 10 times the price of the mg dose. All three doses are made by the same pharmaceutical company, Roxane Laboratories, so what's going on? Costco verified that it wasn't a mistake -- they were just passing on the most recent price from the manufacturer. And if you're using insurance overpaying for most drugs, as we now know, you won't be affected by a sudden spike in the price because your copay won't change unless the medication remains expensive for a long time. If they only raise the price of a few medications briefly it probably won't be noticed. Toxic residue from smoking remains on surfaces inside a casino for months after smoking has been banned there, a new study has found. Hip-hop music may be influencing black Americans to try the street drug molly, a new study suggests. The American College of Physicians ACP has issued new guidance on managing type 2 diabetes -- including relaxing the long-term blood sugar target called hemoglobin A1C.
