While those laws and other restrictions on medication abortion are being challenged in court , women are voting for medication abortions with their feet. The decrease is true in states that have not imposed increasing restrictions on abortions as well as those that have and predates the latest round of restrictions, suggesting it stems from increased use of contraception, not shutting down clinics. How safe, under what circumstances, and with what supervision? But Beyerstein rightly raises questions about drug purity and the care women receive if they have complications. Making abortion harder to access means forcing women to go to greater lengths to end their pregnancies. She purchased it but did not take it. This post incorrectly stated that RU is the morning after pill. You can read more examples here. Whalen got the drugs for her year-old pregnant daughter back in January Given the way laws in many states are tightening, that sometimes means going back to the days of abortions that may not be strictly legal. She quotes the group Priests for Life: Women in Latin America, Africa, and other places where surgical abortions are harder to come by have used the drugs quietly for years. It also suggested that Lindsay Beyerstein took misoprostol. Are we reverting back to a world in which abortion is conducted more and more away from the medical mainstream, with secrets and whispers? Slate logo Sign In Sign Up. In this country, the FDA protocol, approved in , goes up to only nine weeks. The question is how far into a pregnancy women can safely take this medication on their own. The same thing happened to a mother of three in Idaho in who took RU now known as Mifeprex when she was as much as weeks pregnant.If you are considering an abortion, it is important that you have safe options. safe2choose helps guide women through their abortion with pills offering with pills, but it is recommended that you are no more than 30 minutes away from a hospital the day you use Misoprostol; Click here if you are buying abortion pills locally.
