This depends on what you need the Benzos for, if you have a prescription and are taking them officially then look here: The general consensus seems to be that you can but pretty much any common medication without a prescription in most pharmacies but this probably does not represent what the law in that country actually states. What do you mean the green door? No i mean, drugs arn't a big deal in general well, thats my westernised view But i want to know what the situation is like in Egypt before i even think about getting into any of it. Wiki Research Mission Statement Donate! If you can't speak their language too well, they'd see you as some wealthy tourist to rip off. I was there this summer - hash was easy to get, cheap and very good - the bedouin grow weed for hash and opium for its uses but i didnt try too hard to find anything but hash. Harder stuff are all there but you need to know the right people, most dealers are on mobiles now, different than 80's and 90's where people used to stand in lines in specific areas to get their drugs, each line for each drug: Or just kill you. But as far as enforcement I would be careful like others said- but in the wake of a revolution, the police apparatus is probably proccupied with other things. Last thing, your question about girls, you have to respect the culture, yes a lot of veiled girls around who won't talk to strangers trying to pick them up in the street, the other minority who wear bikinis in the Red Sea and the North Coast and drink booze and love blow A last note, just be careful like anywhere else in the world, if u manage to get smoke or anything else, hide it on you properly, just universal rules and you'll be just fine. Hope my 2 cents were useful, Enjoy this magical land: A lot in between of course, i hope i presented the image well. Where it is at?You can place your order with us from this page.
