The new study, led by Dr. Patients taking Crestor also had higher levels of good HDL. Stephen Nicholls, clinical director of the Cleveland Clinic Center for Cardiovascular Diagnostics and Prevention, included more than 1, patients, average age 57, with coronary artery disease. LDL levels in the Crestor group dropped to an average In a head-to-head test of two popular cholesterol-lowering statin drugs Lipitor and Crestor both medications worked equally well. They also had fewer heart attacks, strokes and angioplasty procedures than would typically be seen in patients on less aggressive statin regimens. Kesselheim was not involved in the current study. For many patients, it will likely come down to money: Participants were randomly assigned to take high doses of either Lipitor 80 mg or Crestor 40 mg daily for two years. Still, experts said the differences may not persuade many patients to switch to or stay on Crestor, known as the most potent of statins, given that Lipitor the best-selling drug ever will soon cost a lot less. But after the patent on Lipitor expires on Nov. The data, experts said, suggest that Lipitor and its generic versions will increase dominance of the market. On some measures, patients taking Crestor did better than those on Lipitor: By the end of the study, both groups had significant reductions in the fatty plaque lining their arteries, with few serious side effects. So, how to choose? Buy Crestor online, including Crestor 40mg medication, from the largest Canadian pharmacy with free shipping on all orders of Crestor and other discount.
