Consumer Reports reviewed all major allergy medications and found that monthly costs range considerably depending on which one you choose. Google Chrome Open the browser. It's the one that gives you the individual the greatest relief with the fewest side effects at the lowest price. The active ingredient in Claritin is loratadin, in Allegra it's fexofenadine, and in Zyrtec it's cetirizine. Allegra is the least likely to make you drowsy. Daniel Ein, a professor at George Washington University School of Medicine and a practicing allergist since , gave this advice: Press enter to open a popup for the integer value. Select Internet Options from the Tools menu. Android users with a browser version earlier than 5 will need to download Chrome instead of the native browser. Check Use TLS 1. You can also find out whether any of your other medications will interact with Allegra , Claritin , or Zyrtec. Most importantly, talk to your pharmacist and a board-certified allergist.
