The same antihistamine in Zyrtec, for example, is available as Aller-Tec at Costco, as Wal-Zyr at Walgreens, or even totally "unbranded" almost anywhere. Allegra is the least likely to make you drowsy. This site does not dispense medical advice or advice of any kind. A doctor can also talk to you about prescription antihistamines, and if your symptoms persist immunotherapy, which can help desensitize you to what's causing a reaction in the first place. Are you still sure that you want to clear all of you selected topics? Sign In Site Map. Therefore, it is often impossible to say with certainty that a "generic" non-prescription medication is completely equivalent to the brand-name product. Most require a prescription, but Nasacort is one that just became available over the counter. This may sound obvious, but the key thing to pay attention to is not what's written on a box, but what actually works for you. Second-generation over-the-counter medications like Claritin, Zyrtec, and Allegra which improve upon old options like Benadryl by not putting you to sleep are more similar than they are different. If you can't, consider an allergy medication with an added decongestant. Most importantly, talk to your pharmacist and a board-certified allergist. Click Terms of Use for more information. With prescription drugs, generic medications must undergo certain tests comparing them to brand-name medications. If you choose this option, it cannot be undone, and you'll need to choose at least new topic to continue using your HealthSavvy programs. The FDA then looks at these tests to decide if the generic versions are equivalent to the brand-name medications and assigns a rating to each one. Remember, you need at least one selected topic to use HealthSavvy.Zyrtec D (cetirizine / pseudoephedrine). Prescription or OTC; 75% of people say it's worth it; 1 dosage forms; Want to save even more money? Learn about GoodRx Gold. 14 alternatives. Zyrtec-D is currently available in generic form. As with brand-name Zyrtec-D, generic versions of the drug are available in just one strength -- Cetirizine and Pseudoephedrine 12 Hour tablets.
