Information is for End User's use only and may not be sold, redistributed or otherwise used for commercial purposes. This site complies with the HONcode standard for trustworthy health information: Accidental ingestion of OxyContin, especially in children, can result in a fatal overdose of oxycodone [see Warnings and Precautions 5. It belongs to the group of medicines called narcotic analgesics pain medicines. Monitor for respiratory depression, especially during initiation of OxyContin or following a dose increase. However, people who have continuing pain should not let the fear of dependence keep them from using narcotics to relieve their pain. Correcting that mistaken belief, the Drug Enforcement Administration in March 16, testimony before the House Appropriations Subcommittee on Commerce, Justice, Science and Related Agencies made the following statement about oxycodone and Florida pill mills: Proper dosing and titration are essential and OxyContin should be prescribed only by healthcare professionals who are knowledgeable in the use of potent opioids for the management of chronic pain. In , less than 12 percent were written for OxyContin. Oxycodone extended-release capsules or tablets should not be used if you need pain medicine for just a short time, such as when recovering from surgery. Mental dependence addiction is not likely to occur when narcotics are used for this purpose. Drugs and Supplements Oxycodone Oral Route. This content does not have an Arabic version. Routinely monitor all patients receiving OxyContin for signs of misuse, abuse, and addiction during treatment [see Drug Abuse and Dependence 9]. Please note: Unless otherwise noted on the MassHealth Brand Name Preferred Over Generic Drug List, in the case where the prior authorization (PA) status . hydromorphone immediate-release; and; morphine immediate-release; and; oxycodone immediate-release; and; fentanyl transmucosal system (generic Actiq). Nov 24, - Long-Acting and Extended-Release Opioid Products Required to have an Opioid REMS. Numbers and Sponsors (PDF-57KB) for current information.
