In order for us to create your customized HealthSavvy programs, we need a little more information about the health topic s that you are interested in. See also Anorexia nervosa Antidepressant withdrawal: For example, some people who take zolpidem or similar medications, such as eszopiclone Lunesta , do things while asleep that they don't remember such as driving, or preparing and eating food. Marijuana and depression Melatonin side effects Mild depression:Aug 22, - The FDA insists that all approved generic drugs are equal to brand names. We continue to received reports that many generic Ambien products are not working. Apr 6, - If we were buying brand name Ambien, it would cost us over \$ out of pocket for 30 pills. Our insurance would not pay a penny. The generic zolpidem costs \$8 to \$10 for the same number of pills. We have found on our journeys. Do you have any recommendations about how to deal with this problem? Jun 13, - I have been using ambien for about 6 yrs, because of sleeping problems related to fibromyalgia. It has worked well for me and I did not have any weird side effects. 2 weeks ago, the pharmacy filled it with the generic zolpidem. I finally figured out that the recent trouble sleeping was due to the generic. Hello eveyone, I know everyone is aware that there is now a generic Ambien out.I just filled my prescription for it about a week ago, and have been taking it for the last 3 nights, and I notice it's definitley not working as well as the name brand Ambien I find it takes me longer to fall asleep, and I wake up. I'm glad to know I am not the only one who is NOT sleeping since CVS changed to a peach colored generic ambien. Question is, What can we do about it? Obviously, they aren't working as well or I wouldn't be online trying to find out if others are having the same problems. I guess the best solution is to. Feb 1, - Popular sleep medication zolpidem (generic Ambien) has been on backorder from several generic manufacturers since late December This could make zolpidem The following manufacturers are not having production problems and are currently supplying zolpidem: Sandoz has both 5 mg and I don't know if this deserves a new topic (I am obviously new here), but I've been having metric buttlloads of problems with generic ambien as of late. I've got as whole research thing going, but unfortunately since most complaints I'm reading are years old, it's hard to put any stock in anyone's experiences except my own. Has anyone here tried the Torrent Pharma brand in generic Ambien? Well I was switched to generic Ambien when it forst came out in Alwatys used Teva Pharma and never had a real problem. All of the sudden last month they switched to Torrent and it does unahistoriafantastica.com when take 2 at a time. I recently read the Ambien will have a generic (Zolpidim) available in the U.S. in the next month or so. Has anybody had any experiaences with Zolpidem. Ive taken 10 mg. Ambien for 3 years, been working great. Now they switched me to the generic (Zolpidem), and it is. NOT working near as well! Judged. Sleeping problems that happen once or twice a month can be annoying, but usually will resolve on their own. The AHRQ report also evaluated other types of medicationsan older kind called benzodiazepines, sedative sleep drugs like zolpidem (Ambien and generic), and several antidepressants that can cause.
