You don't need a script to get Oxy in Mexico, you just need to walk into a pharmacy and ask and have money, I've never seen a pharmacy in Mexico that asked for prescriptions, but I've never been very far into the interior. If you want to score oxy's just ask the mail street vendors They informed us that if you're over 18yrs old you can legally bring back 50 pills as long as you notify the border patrol when they ask. I'm not sure if he meant 50 of each type of med or a combined total of 50 pills. I think the hassle of getting a "local" Mexican doc involved would depend on whether you are visiting a border town or going further into the interior of the country. The box was reportedly full of illegal narcotic pills. Bottom line is I'm bad at getting drugs in Mexico, I'm sure I just don't know where the right pharmacies are. I see an influx of canada oxycontin making it to the states sometime in the future. I am also going to fly to Canada to fill my script. Or do you keep quite, with the chance that they will find 'em. Do you declare your meds, with the chance that they will keep 'em. A significant number of drugs are mailed in the U. Any info will be greatly appreciate. TJ is truly a "wild, wild west" place.

Oct 5, - A significant number of drugs are mailed in the U.S. annually. In the last 12 months, the U.S. Postal Service seized over 37, pounds of illegal drugs, most of it marijuana, the San Diego Union-Tribune reported. Although recreational marijuana has been legalized in many states, sending the drug through. Feb 28, - Those pills are manufactured to look like OxyContin, Vicodin, Percocet, and Xanax, only they are in reality, drugs far stronger and deadlier. Related Story Timeline: How prescription drugs became a national crisis. In terms of danger level, opioids are bad, heroin is worse and Fentanyl is the worst, said. Apr 15, - For many, it's simple economics, says DEA Special Agent Amy Roderick in San Diego. When pain pill addicts in San Diego can't find or afford OxyContin, which sells for as much as \$ a pill there, they'll purchase heroin for \$80 a gram, she said. "You're just getting more bang for the buck," Roderick said. Pain Medicine. Claims Filled SAN DIEGO California BENJAMIN PLATT M.D..
