Without any particular expertise, but with an advanced case of paranoia, I think it is most likely that big pharma has bought out the smaller manufacturers of generics and has eliminated the competition that has kept pharmaceutical prices affordable. I bet you the pharmaceutical companies would get the message. I also know that we cannot afford to wait for OTHERS to bring prices down because we do not know how long it can take or whether they will succeed. Biologic use beyond psoriasis. A patient with a minimally steroid-responsive dermatosis, vitiligo, recently contacted me to complain that he could no longer afford the medication that I had prescribed for him. Thank you for being the voice of reason. If they do not, there is more that we can do to make our case As the demand for dermatologic services continues to grow, so does the use of non-physician clinicians in dermatology. He also is a member of the Dermatology Times Editorial Advisory board Brought to you by:. There is something we can do in the meantime. Mid-Level Providers in Practice As the demand for dermatologic services continues to grow, so does the use of non-physician clinicians in dermatology. Strowd of wakehealth https: Rich Sep 16, Enjoyed your article. The rationale for this decision is that it is simply too big of a hassle to fight with third party payers who are reluctant to allow expensive medications to be used by their insured customers. All comments must follow the ModernMedicine Network community rules and terms of use, and will be moderated. Predictors for successful actinic keratosis treatment https: Anonymous Sep 16, I am not sure who is responsible for reducing prices for generics. Individuals with far more knowledge than me have given several explanations including high costs of developing new drugs, problems with manufacturing and the lack of profit in producing generic drugs as reasons for cost inflation. In a conversation with a recently trained colleague, he indicated that some of his fellow residents intend on not writing any prescriptions, but instead will provide only surgical and cosmetic care. Compare prices and print coupons for Clobetasol (Temovate, Clodan, Cormax, Olux and Clobex) and other Itching, Psoriasis, Seborrheic Dermatitis, Eczema, and Skin Allergy drugs at CVS, It is available in multiple generic and brand versions.
