Only for this page visitor: Generic Sildenafil Citrate When a pharmaceutical company gets a patent for a particular drug, no other company is allowed to produce the same drug for a certain period of time. Note that until you do so, people visiting your website will see this page and not your content. In the United States, the patent of a drug generally expires after 10 years. Unless this server is on the CentOS. The pharmaceutical companies making generic Viagra do not have to bear the burden of investments and other overheads on research, surveys, manufacturing, marketing and promotion and development of the drug, as Pfizer has already paved a clear path for them. For example, if this website is www. If you would like to let the administrators of this website know that you've seen this page instead of the page you expected, you should send them e-mail. When a pharmaceutical company gets a patent for a particular drug, no other company is allowed to produce the same drug for a certain period of time. Michael, Me and the Miracle Named Viagra! But unfortunately for men and the women too , erectile dysfunction seems to be a misfortune that denies them the gratification of their invaluable asset. Oral medicaments like Sildenafil 50mg vs Cialis have brought about a complete turnaround of the dysfunction; men can rejuvenate his lost sexual vigor with the help of Viagra. It is the cost-effectiveness of generic Viagra as compared to brand Viagra. This page is used to test the proper operation of the Apache HTTP server after it has been installed. Viagra being a very popular drug with a trusted brand image and identity, the recent past have seen a big number of generic versions of Viagra hitting the drug stores around the world. What are the differences between Viagra and its generic version: Sildenafil? In some respects, such as name, appearance and cost, there are some differences; but in others, such as medicinal content and activity of function, there are virtually none. Since becoming available in , Viagra has become one of the. Jul 31, - Unlike Pfizer's Viagra that is now in operation and popular among millions of people there is generic Viagra that has many people misled. This is true to Also, if generic Viagra goes by the any of the following names means that it is illegal: Caverta, Veega, Kamagra, Edgera, Juan, Penegra, or Vigrex, etc. Aug 23, - Generic Viagra (Sildenafil) is now available in the US (I live in Massachusetts) under the name Sildenafil. If you go to unahistoriafantastica.com, you can find coupons for all major pharmacies. I was able to get 90 tabs (20 mg) at Target Pharmacy (CVS) for around \$60 using the coupon. It was actually \$ cheaper than. To understand the main difference between brand-name and generic Viagra, we should point out how the drugs come to be. A brand-name drug is a wholly original product with no existing equivalent, at least at the time of its creation. A company will usually devote years of research and millions of dollars before they come. Nov 3, - The name Viagra is the brand name, decided upon by Pfizer, while the scientific name of the drug, known as the generic name is sildenafil, this is As many different generics companies can manufacture the same drug once the patent is expired, this allows competition between them, and can drive prices. Aug 18, - When Pfizer's patent on Viagra expired, the market was open for other companies to produce the medicine, albeit under its generic name Sildenafil, rather than the brand name Viagra. The main difference to Viagra is that Levitra tends to be less affected by food or alcohol so can be taken with meals. A brand name drug like Viagra, is marketed by a pharmaceutical company which holds the patent. An alternative to Viagra is made with the same active ingredients and the same dosage as the brand version, but is sold under its chemical or 'generic' name. This can only happen when the patent expires. In the patent. Viagra versus Sildenafil Citrate. Generic Viagra is real brand name substitute definitive and actionable detailed explanation about differences, which is better to choose, are they the same mg available. Dec 7, - Current prices for brand name Viagra are around \$70 per pill, and prices for generic versions are expected to run between \$35 and \$40 per pill without a discount. Prices at GoodRx are showing even better discounts, as little as \$25 per pill, depending on which pharmacy you choose. Remember to use the. If you choose to stick with brand-name Cialis, look for the pills manufactured by Lilly ICOS. Generic version of the medication is currently manufactured by at least a few dozens of smaller companies worldwide, the most popular of them being Cipla Limited, Ajanta Pharma LTD, Ochoa Laboratories and a few more. Read the.
