The players include not only Blink Health and its better-known competitor GoodRx, but also veteran businesses like the benefit manager Express Scripts, which recently helped to start a subsidiary aimed at cash-paying consumers. The New York Times would like to hear from people about their experiences paying for prescription drugs. Until They Are Not. If those prescriptions are filled without an insurance card, pharmacy systems may not catch dangerous drug interactions. Even as more Americans have health insurance since the Affordable Care Act was passed, insurers are increasingly asking consumers to pay a larger share of their costs. In one case, a customer whose plan was managed by CVS Caremark, the drug benefit manager, would have had to pay more for a drug through her plan at a CVS than what she ended up paying at the same store, with a coupon from GoodRx. It had struck a better deal than did his insurer, UnitedHealthcare. Charles Ornstein is a reporter at ProPublica. In an era when drug prices have ignited public outrage and insurers are requiring consumers to shoulder more of the costs, people are shocked to discover they can sometimes get better deals than their own insurers. Events Guide Television Theater Video: Susan Thomson, 55, a university lecturer who lives in Summit, N. This article was written through collaboration between The New York Times and ProPublica, the independent, nonprofit investigative journalism organization. Now the Furmans are looking at drug coverage for next year, and once again, they see huge variation in prices for that drug and others. Having health insurance is supposed to save you money on your prescriptions. In November, Blink Health sued its pharmacy benefit manager, which negotiates its prices, claiming that the company, MedImpact, had violated their agreement. Still, many find that leaving their prescription card at home is worth it. Several independent pharmacists said there might be safety issues if consumers buy drugs at different pharmacies. Pharmacy benefit managers, the companies that deal with drug benefits on behalf of insurers, often do negotiate better prices for consumers, particularly for brand-name medications.
