The National Institute on Drug Abuse notes that chronic use of drugs such as OxyContin can lead to physical dependence and severe withdrawal symptoms if use is stopped, including insomnia, diarrhea, vomiting, cold flashes with goose bumps, and involuntary leg movements. Former addict Carl Greener, 26, began taking Oxy for chronic lower back pain but was disappointed at the lack of "kick" he was used to from Vicodin and Percocet. Because of that, just to detox a person and get them free of the drug for a short period of time is really not the answer. Large doses can cause severe, potentially fatal, respiratory depression. In the first year in which NIDA studied teen Oxy abuse, it stood at 4 percent among high school seniors, 3 percent among 10th graders and 1. Though recovery programs have been somewhat effective in weaning addicts off Oxy, the road is a long one, according to addiction specialist Dr. In May, Purdue voluntarily took the mg dosage of OxyContin off the market, according to Heins. After he began snorting the capsules' contents, he said, he experienced the typical feelings of invincibility, numbness and euphoria abusers report, as well as a lowering of inhibitions in social situations. OxyContin is prescribed to treat moderate to severe pain for patients who need around-the-clock relief. He would wake up with all his joints aching, his stomach in knots, nauseous, his body drenched in a cold sweat and convulsing uncontrollably with severe flulike symptoms that wouldn't subside until he got another pill in his system. Gheysler said abusers need behavior modification that will help them stay away from the drug for the rest of their lives, which may include Narcotics Anonymous meetings and ongoing counseling. Those uses are warned against in the drug's indications as potentially harmful or lethal, Heins said. Not long after, though, Greener found that he had to take two or three doses just to get up enough energy to clean his apartment. I had gone out at night, snorted a ton of Oxy and woke up the next morning in some apartment building.
