If they do not, there is more that we can do to make our case Sep 18, Dr Levine I commend you for making us think about the cost of the medications we prescribe. Brought to you by: A noteworthy margin of error in psoriasis? Brought to you by:. As the demand for dermatologic services continues to grow, so does the use of non-physician clinicians in dermatology. If this approach to practice becomes widespread our specialty will be reduced to a mere shadow of its former self. Thank you for being the voice of reason. This new economic reality strikes at the heart of the service we dermatologists provide for our patients. Step therapy stalls appropriate patient treatment This new economic reality strikes at the heart of the service we dermatologists provide for our patients. FDA clears new drug application for topical psoriasis treatment <https://www.unahistoriafantastica.com/2018/09/18/psoriasis-treatment/> Coordinated care lessons in dermatology from Dr. If dermatologists decide against treating skin conditions with effective prescription medications, who will be capable of treating complicated conditions? Variation in treatment for patients with pediatric morphea illustrate the need for guidelines <https://www.unahistoriafantastica.com/2018/09/16/morphea-treatment/> Without any particular expertise, but with an advanced case of paranoia, I think it is most likely that big pharma has bought out the smaller manufacturers of generics and has eliminated the competition that has kept pharmaceutical prices affordable. Maybe you should have a talk with Dr. Rich Sep 16, Enjoyed your article. Are you missing this business tool? Step therapy stalls appropriate patient treatment. Clobetasol (Clobex, Olux, Clodan, Cormax, Temovate, Embeline) is an expensive steroid used on the skin to treat itching, redness, and swelling caused by some skin conditions.
