The data, experts said, suggest that Lipitor and its generic versions will increase dominance of the market. Participants were randomly assigned to take high doses of either Lipitor 80 mg or Crestor 40 mg daily for two years. In a head-to-head test of two popular cholesterol-lowering statin drugs Lipitor and Crestor both medications worked equally well. Still, experts said the differences may not persuade many patients to switch to or stay on Crestor, known as the most potent of statins, given that Lipitor the best-selling drug ever will soon cost a lot less. Patients taking Crestor also had higher levels of good HDL. On some measures, patients taking Crestor did better than those on Lipitor: For many patients, it will likely come down to money: But after the patent on Lipitor expires on Nov. LDL levels in the Crestor group dropped to an average Kesselheim was not involved in the current study. Stephen Nicholls, clinical director of the Cleveland Clinic Center for Cardiovascular Diagnostics and Prevention, included more than 1, patients, average age 57, with coronary artery disease. The new study, led by Dr. So, how to choose? They also had fewer heart attacks, strokes and angioplasty procedures than would typically be seen in patients on less aggressive statin regimens. By the end of the study, both groups had significant reductions in the fatty plaque lining their arteries, with few serious side effects. Generic drug availability, manufacturer information, and patent status on Lipitor. Jan 16, - Lipitor is the most prescribed name-brand drug in America - nearly million people take it every day to control their cholesterol. Since the statin entered the market in , it's earned. Applicant, Tradename, Generic Name, Dosage, NDA, Approval Date, TE, Type, RLD, RS, Patent No. Patent Expiration, Product, Substance, Delist Req. Exclusivity Expiration. Nov 29, - Pfizer has negotiated with health plans to make the drug available at or lower than the rate of generic drugs for the next days. The Associated Press reports that the company is also paying pharmacies to mail Lipitor patients offers for the \$4 co-pay card and to counsel them that Lipitor lowers cholesterol. Nov 14, - The granddaddy of all prescription drugs, Lipitor (atorvastatin), is scheduled to lose its patent protection at the end of this month. That means other So what will the company do now to try and limit the impact of generic competition for Lipitor? So what's next if a suitable replacement drug isn't available? Nov 30, - In order to receive Food and Drug Administration approval, generics must contain the same key ingredient and prove to be equivalent. Several other statins have already gone generic: Zocor (simvastatin), Pravachol (pravastatin) and Mevacor (lovastatin) but they're not as potent as Lipitor. Under normal. Jul 17, - It is difficult to dispel negative perceptions regarding generic atorvastatin in general, as there are only very few studies available analysing the efficacy of non-proprietary atorvastatin [6, 7]. The data interpretation of these studies is limited for various reasons: low number of study subjects, the absence of. Lipitor is used for lowering high cholesterol and triglycerides in certain patients. Lipitor Generic Date. Pay Less for Medications. Lipitor Type 1 Diabetes! What is Lipitor (atorvastatin)?; Is Lipitor (atorvastatin) available as a generic drug? Do I need a prescription for Lipitor (atorvastatin)?; Why is Lipitor (atorvastatin) prescribed to patients? What are the side effects of Lipitor (atorvastatin)?; What is the dosage for Lipitor (atorvastatin)?; Which drugs or supplements interact with. Apr 25, - Generic statins like Lipitor (atorvastatin) and Zocor (simvastatin) are still more popular, mostly because they cost less, but last year Crestor was the fourth most filled statin in the US. Why Crestor? Most generics have an exclusivity period lasting 6 months ( days) after their launch date. During that time.
