Generic Celexa Citadep is available as tablets of 10 mg and 20 mg. Different brands of Citalopram there is a massive difference in brands that can effects u , just been told by my normal chemist that they only give out the cit with no fillers or coatings. Sorry to dig up such an old thread, maybe I should have posted again? Find all posts by mia Different brands of Citalopram Thought I'd add to this thread after I googled. Now got another different generic yesterday, took a tablet last night, and this morning I seem to have the early side effects I used to have when starting, I feel dizzy and just weird and my hands are sweating again, feel jittery too. Send a private message to kirstyelizabeth. Only did because I was on the way to work and used a different chemist. When she picked up her prescription she gave me 2 weeks worth of hers back which are a brand I've never seen before. I went to a different chmist got a different brand and have not felt right for the last 4 weeks on them its been like staring again wll the side effects ,, fed up now ,, so back to docs for new prescription and to get back on the old ones i was on before. I think I am worrying over nothing. I've been taking two different makes of Citalopram 20mg tablets for the past two months, and I have not noticed any difference. Celexa is contraindicated in patients with a hypersensitivity to citalopram or any of the inactive ingredients in Celexa. Page 1 of 2. Find all posts by darrenc. Anyone who is battling depression tends to know what to do and what not to do and we know our own triggers and our own bodies.
