For patients not covered by health insurance, the cost of osteoporosis treatment ranges from, on the low end, about \$10 a month for the generic version of Fosamax, which The most commonly prescribed class of drugs for osteoporosis are bisphosphonates, including the brand names Fosamax, Actonel and Boniva. Sep 16, - Hi JoAnn, the reason that Boniva is more expensive is two-fold. First, it's a once monthly medication so that makes it more expensive, and because it doesn't come in generic like Fosamax does. Fosamax is a weekly medication so the price, even if you got brand name, should be less expensive. If you were. Aug 12, - Amgen, the

boniva cost per year

manufacturer of denosumab, has not said how much the drug will cost, but analysts expect it to be at least \$2, a year and potentially much higher and predict yearly sales of \$2 billion to \$3 billion. Already, many insurance companies are pushing physicians to the generic version of.
