Makers of Generic Drugs Challenge F. He would not comment on suggestions by some that pharmacies and insurers are motivated to sell the cheaper brands because they reap financial benefits from doing so. Kraus, the child psychiatrist, said he still fielded regular calls from pharmacies and some insurers asking him to change his prescriptions so they can dispense the cheaper generics drugs that he considers inferior. Please try again later. Subscribe to receive email notifications whenever new articles are published. I have taken it for 15 years, no problem. Still looking for answers? I am devastated now I can no longer get it. View latest questions Search for answers Ask a question. The manufacturers must instead prove that their products release the drug into the body at the same rate as the brand-name drug. He was unconcerned when, a few years ago, pharmacies began substituting lower-cost generic alternatives for brand-name Concerta after all, generic drugs are widely seen as effective and account for the overwhelming majority of prescriptions filled nationwide. But Mallinckrodt Pharmaceuticals has taken a different tack: I was told this in early December and they have given me another Generic Brand that is not working. You are already subscribed to this email. View top members Find a member. Rite Aid would not comment on its financial arrangements with the generic companies, or on whether its pharmacists were asking doctors to switch prescriptions. They might be able to tell you which pharmacy in your area does still carry it. You agree to receive occasional updates and special offers for The New York Times's products and services. Kraus, who is the chief of child psychiatry at Rush University Medical Center. Oct 6, - Certain limitations apply, including covered generic drugs.
