Her weight doubled in just over a year. I'm on mg at night. Only problem is the slight weight gain and dry skin. I think I would benefit from a higher dose but the doctors don't think there will be any benefit only harsher side effects. My life used to be uttermost chaos. Diddy d July 20, My thoughts seem a lot more stable, I'm not as paranoid, I found my anxiety has lessened I was having 4 -6 panic attacks at work a day and I just feel more stable now. After taking the dose, my nose blocks up completely. The worst side effect was that I couldn't walk suddenly This drug is extremely effective in treating mood disturbance, acute depressive episodes and general anxiety or exacerbations of BPD. The drowsy side effect has helped with my insomnia as my sleep was awful. Reviews and ratings for quetiapine when used in the treatment of borderline personality disorder. 71 reviews submitted. J Clin Psychiatry. Jul;67(7) Efficacy and tolerability of quetiapine in the treatment of borderline personality disorder: A pilot study. Bellino S(1), Paradiso E, Bogetto F. Author information: (1)Unit of Psychiatry, Department of Neuroscience, University of Turin, Turin, Italy. unahistoriafantastica.como@unahistoriafantastica.com OBJECTIVE. Nov 1, - Ninety-five participants with DSM-IV borderline personality disorder were randomly assigned to receive mg/day of quetiapine (the low-dosage group; N=33), mg/day of quetiapine (the moderate-dosage group; N=33), or placebo (N=29).
