I have heard some very bad reports recently about how bad accutane is for you as far as bowel disease and liver damage. Accutane side effects uk. I'm not totally convinced that I'd give Accutane the all-OK for its effects on mental health. In some meds, for some people, I do believe the name brands work better than generics. Knowing what I know now, I wouldn't necessarily have not taken it, but I certainly would have asked a whole lot more questions on the subject, as well as possibly asked a psychiatrist to weigh in on my specific case. You must have JavaScript enabled in your browser to utilize the functionality of this website. I finished my course of Accutane around 18 months ago, back in I'm very happy with the results of the drug on my skin and its lasting effects, not to mention the fact that the sensitivity and extreme dryness I suffered with while I was on Accutane petered out after a while. Overall, I am still glad I went on Accutane and finished the course. I wasn't convinced that it was cured, so I didn't wash it the next day. The majority of the time, my skin is clear. First, upon finishing the course, my skin was super-dry and sensitive for a long time afterward. It is not intended to be and should not be interpreted as medical advice or a diagnosis of any health or fitness problem, condition or disease; or a recommendation for a specific test, doctor, care provider, procedure, treatment plan, product, or course of action.Sep 2, - My doc thinks I will be clear in months and when I am she is taking me off it, wtf is this?
