But I still liked the lines of the coupe more than the roadster and, of course, I wanted the big block with the distinctive "stinger hood. Claritin-D, Allegra-D, and Zyrtec-D all contain a decongestant called pseudoephedrine, the same active ingredient that powers Sudafed. Pseudoephedrine's usefulness when making methamphetamine means that in the United States, these drugs need to be purchased directly from the pharmacist with a government ID. Liz and I have both gotten over the "trophy fever" that we had our first season with the street rod, and we realize the best trophies of all are the two Mid-Year Coupes sitting in our garage. After confirming that the engine and VIN numbers matched, Jon took me for a test ride and really "got on it" to show me the engine still had plenty of pep. The black stinger hood with the insignias stated that this was a no-nonsense Sting Ray, and the lack of options bore this theme out. Just pay attention to labels so you know which active ingredient you're getting. A doctor can also talk to you about prescription antihistamines, and if your symptoms persist immunotherapy, which can help desensitize you to what's causing a reaction in the first place. We went past a magazine shop while on our way to lunch a couple of days later, and Liz said we should check to see if the new issue of Hemmings was in yet.
