Two tablets of Clomid 50mg should be taken once per every 24 hours, within 5 days. I wonder if it is possible to buy it online and take the exact same dosage and directions as women on here do? I've used Clomid before and know what dose etc what works for me so I'd do it but I have quite a few left over from my last prescription! For example, women who have enlarged ovaries, ovarian cysts, endometriosis or uterine fibroids. I know this is probably a grey area question, but here it goes. Has anyone heard of people doing this and if so, what is a way to find a reputable supplier? They do not reflect the opinions of BabyandBump. You should be monitored to see if it's working. A no less important fact is that Clomid buy online is one of few drugs approved for anovulatory infertility treatment that is capable to increase the chances of multiple pregnancies. Long Term Trying To Conceive. Short luteal phases the entire time though and Clomid is said to help lengthen the LP.
